

## MEXICANS DESERT CITY OF JUAREZ

### CARRANZA TROOPS AND CIVIL- IAN POPULATION LEAVE

Evacuation of Border Points By Carranza Garrison is General--Mexican Fight Reports Well Founded

#### REINFORCEMENTS ARE SENT TO TENTH

EL PASO, Tex., June 22.—Juarez was practically evacuated tonight by Carranza troops, the commandia was almost deserted, the collector of customs and General Francisco Gonzales commandant had left for the interior and only a few scattering military patrols were in evidence in the streets. In addition, a large part of the civilian population taking their household goods with them left during the day for the south.

Thruout the day troops and supply trains pulled out of the Mexican Central station bound southward, ostensibly to join General Jacinto Trevino, commanding the Carranza army of the north at Chihuahua City. Several of the trains however, were halted within a score of miles from the city to await further orders. Some reports indicated that with the announcement from Washington that the administration, reasoning from the information at hand was inclined to place the responsibility for the Carrizal clash yesterday upon the subordinate commanders of both forces, that a part at least, of the command evacuating Juarez was to be returned before daybreak.

#### Evacuation is General

Evacuation of border points by Carrancista garrisons had been general today but in most instances the troops have been concentrated a few miles south of the boundary awaiting further developments. Mexican reports tonight also said that practically all of the troops which have formed the horse-shoe curve stretching around General Pershing's expeditionary command, have abandoned their stations in the vicinity of Casas Grandes, El Valle, Namiagua and San Antonio. It is believed these forces have moved eastward to point from which they can more readily offset junctions with General Trevino's main command. The border tonight was marking time awaiting the government's attitude after General Pershing's report on the engagement is received. Stress is laid upon the fact that from the time the first ragged, hatless, dusty Mexican rode on a dusty mule into Villa Ahumada yesterday afternoon bearing the first news of the engagement until early tonight all information has come from Mexican sources.

#### Expect General Pershing's Report

Military authorities however, clung to the belief that some time during the night General Pershing's report giving the American version of the affair would be received and would do much toward relaxing the border tension.

#### Mexican Reports Well Founded

It seemed fairly well established however, that the Mexican official reports fixing the American losses at twelve dead and seventeen prisoners and the Mexican casualties at four killed and thirty wounded were well founded.

Whether the American commander whom some reports placed as among the dead, was Captain Lewis S. Morrey, or Captain Charles T. Boyd, as indicated by conflicting reports from the field is still a matter of speculation.

#### Do Not Expect Further Clashes

The squadron of the eleventh cavalry which General Pershing despatched last night to reinforce the troop of the Tenth cavalry which was engaged, should have reached the vicinity of the Americans late today but military authorities here did not believe that further clashes would result as all available reports indicate that both American and Mexican commands withdrew after the action, and are awaiting instructions from their respective commanders.

#### Mexican Consul Satisfied

When told that Washington from information available was inclined to place responsibility for the Carrizal clash on the subordinate commanders of both sides, Mexican consul Garcia here expressed great satisfaction. "That has been my view from the beginning," he said. "The fight is a detached incident that does not bear on the main question, except insofar as it may inflame the two peoples."

"Is your opinion that of your government?" he was asked. "I can't say," replied Mr. Garcia. "I have not been instructed on this point. I only repeat my personal view."

This view, however, is shared by all the Mexican officials in El Paso and Juarez. While excitement was manifest everywhere along the Mexican frontier, there were few demonstrations, the only violence being manifested at Naco, Arizona, where an American soldier was killed and three others wounded by a half breed

## CAPT. BOYD AND LIEUT. ADAIR AMONG KILLED

Tenth Cavalrymen Arriving at Pershing's Headquarters Tell of Conflict.

San Antonio, June 22.—Stragglers from the Tenth cavalry detachment in the fight at Carrizal arrived at General Pershing's headquarters today and told him that the fighting began with an unprovoked attack on the Americans at the conclusion of a parley with the Mexican commander. General Pershing transmitted their story to General Funston tonight who immediately referred it to the war department.

#### Ignorant of Casualties

The men were unable to tell anything regarding the casualties or even the later phases of the engagement. They retreated during the fight, became separated from their commands making their way back to the American lines. Two troops of the Tenth cavalry, "C" commanded by Captain Charles T. Boyd, and "K" commanded by Captain Lewis Morrey comprised the detachment that arrived within a mile of Carrizal.

#### Asks Permission to Pass Town

They had stopped at Ojo de Santo Domingo on the previous night, resting their march toward the east at four o'clock the next morning. From their position in front of Carrizal the commander of the detachment, believed by General Pershing to have been Captain Boyd, since he was senior in rank to Captain Morrey, sent forward a Mexican guide to secure from the commander of the Mexican garrison there permission to pass thru the town.

General Felix Gomez sent back word by the guide that the Americans might pass thru if they would consent to a parley. Without waiting for the commander of the American force to reply, General Gomez, accompanied by an aide, appeared and the American officer rode forward to talk with him.

#### Mexican Troops Deploy

While they were talking, the men said, the Mexican troops moved forward in force and deployed in such manner that there appeared danger of the American force being surrounded.

#### Mexicans Begin the Attack

One of the men who had been holding the horses of the American officer and the man who had ridden forward with him, said the American officer appeared to protest against the positions General Gomez's troops were taking. A few minutes later General Gomez rode off toward one end of the Mexican line and immediately after getting there the Mexicans began to attack, sweeping the American line with a machine gun.

#### It was not until then, according to the stragglers, that the American commanders gave orders for both troops to dismount and return the fire.

#### Commanding Officer Warned

General Pershing said that before the Americans left on the expedition both he and Major Evans of the Tenth Cavalry cautioned the commanding officer to be very careful not to provoke a fight.

General Pershing had received no news of the two squadrons of the eleventh cavalry he sent out this morning to get in touch with the troops that were at Carrizal. Staff officers here calculated that the relief party should reach the remnant of the little detachment late tonight or tomorrow morning. It was assumed that because the two troops were returning with their wounded, progress necessarily was slow and that the relief party would have to travel almost the entire distance from the main line of communications to Carrizal, some eighty miles.

#### Funston Impressed With Story

General Funston appeared impressed with the sincerity of the story brought in by the stragglers, but said that it would not cause him to send any new instructions to General Pershing or to any of the border commanders. The report will be in Washington before morning.

General Pershing assured General Funston that he would forward to him as rapidly as possible any additional details he secured and until he is in possession of all the facts and is convinced of their accuracy, General Funston will make no move calculated to complicate the situation by new hostilities.

#### THOUSANDS OF FISH MAROONED

#### Receding Water Leaves Fish in Low Places of Overflowed Land

Dubuque, Iowa, June 22.—Hundreds of low places, overflowed by flood waters of the Mississippi River, a few weeks ago, are now drying up as the water in the river is receding and thousands of fish are left there to die. It is feared the receding fish will cause disease unless they are removed. Government and state fish wardens have been notified and they are expected to begin releasing the marooned fish in a day or two.

#### LETTER FOR KING ALFONSO.

#### German Officers on Submarine Carry Message to King of Spain.

Madrid, June 22.—A German submarine arrived today at Cartagena. The officers disembarked and left for Madrid with a confidential letter for King Alfonso.

#### WOMAN KILLED IN WRECK.

Danville, Ill., June 22.—Mrs. Oscar P. Young, wife of a farmer living near Hoopeson, was killed tonight when their automobile overturned in a ditch near Ambia, Ind. Her husband and daughter escaped injury.

## ORPET UNDERGOES TRYING ORDEAL

### TWENTY-TWO OF HIS LETTERS TO MARION READ IN COURT

Missives Tell of an Infatuated Youth Pleading for More Letters and Warmer Expressions of Love

#### WAUKEGAN, Ill., June 22.—William Orpet, charged with the murder of his former sweetheart, Marion Lambert, underwent the most trying ordeal of his trial today, when Attorney David R. Joslyn assisting in the prosecution, read twenty-two of his love letters to Marion. The twenty-two remaining ones will be read tomorrow, after which the state will rest its case.

#### Sits With Bowed Head

During the presentation of evidence bearing more directly on the charge of murder, the defendant sat with his head slightly bent, and was quick to return a resentful glare at any of the curious ones who stared at him but during the reading of his letters he sat with his head bowed and one hand shading his eyes from all observers, even those who sat closest to him.

#### Mrs. Orpet Visibly Moved by Letters

The missives given the jury today were love letters only. They told of an infatuated boy pleading for more letters from Marion, seeking warmer expressions from her of the love which he alternately claimed or doubted. She called him "Dear" and he wanted to be called "Dearest." He begged her to write often, and cut his clothes to reach the postman earlier and spoke of his distress when the letterman had nothing for him from her. Altho the text of the letters was published some weeks ago, the court room was crowded in anticipation of the recital. Mrs. E. O. Orpet, the boy's mother, sat fixedly as she has sat every day of the trial by his side, erect as a ramrod and not missing a word. She had not read them when published in the newspaper and was visibly moved by the passages where her son spoke of his anxious waiting for the letters.

#### The missives cover a period of a year, and number forty-four in all. They were written from Madison, Wisconsin, where Orpet was attending the University to Marion at Lake Forest.

#### DECISION CURTAILS AUTHORITY OF PUBLIC UTILITIES COMMISSION

#### Law Does Not Authorize It To Ignore the Decrees of Courts Says Supreme Court

Springfield, Ill., June 22.—The authority of the Illinois Public Utilities Commission is curtailed by a decision of the state supreme court today in the case of the state board of administration against the Peoria & Pekin Union Railroad company and Schoell Brothers affecting the construction of a switch track.

"The utilities commission is not a court, but an administrative commission charged with the performance of certain executive and administrative duties and the law does not authorize it to ignore the decrees of courts where the courts have exercised jurisdiction," the decision says.

#### NOT PROPER INSTRUMENT

#### Illinois Supreme Court Renders Decision in John E. Northrup Case

Springfield, Ill., June 22.—The Illinois Supreme Court today rendered a decision adverse to the plaintiff in the case in which John E. Northrup of Chicago sought to collect approximately \$38,000 from Cook county as salaries and fees which he alleged were due him, his clerks and assistants for their work during the period of his appointment as special state's attorney to investigate alleged election frauds in Cook county in 1913. The supreme court ruled that a mandamus was not the proper instrument for collecting such funds.

#### ONE KILLED DURING FIGHT

#### Special Police and I. W. W. Strikers Engage in Bloody Conflict

Virginia, Minn., June 22.—One man was killed and two wounded in a fight here this morning between a squad of special police and a crowd of I. W. W. strikers who were on their way to picket the Alpena Mine of the Oliver Iron Mining Company. More than fifty shots were fired.

#### DECATUR MEN PREPARING

#### Business Men Join Movement for Organization of Provisional Regiment

Decatur, Ill., June 22.—Some of Decatur's most prominent business men have joined in a movement for the organization of a provisional regiment of infantry in this city. Colonel Harry Laudsman, former deputy commander of the United Spanish Veterans of Missouri is back of the move. The regiment is to be made up entirely of Decatur men and will be ready for duty if there is a call for volunteers.

#### CLERK BURNED IN HOTEL

Hot Springs, Ark., June 22.—Charles Kraatz, of Cairo, Ill., clerk of the St. Charles Hotel on Park avenue, lost his life when the hotel burned early today. He had been trapped in his room. The loss is estimated at \$30,000.

## AMERICAN MEDICAL ASSOCIATION FOUND GUILTY OF LIBEL

Jury Awards Damages to Manufacturer of Wine of Cardui.

Chicago, June 22.—The American Medical association was found guilty of libelling the Chattanooga Medicine company, manufacturers of Wine of Cardui, by a jury tonight. Damages were fixed at one cent. The jury has been out six days.

The verdict was reached on the twenty second ballot. The case was called for trial March 21st. There were two suits which were combined. John A. Patten sued for \$200,000 for personal damages. His suit terminated with his death shortly after the trial began. The other was by Z. C. Patten, Jr., for the company. It was for \$400,000. He alleged the medical association libelled Wine of Cardui by calling it an "ectrum." When the case was given to the jury, Federal Judge Carpenter cut the amount of damages asked to \$50,000. The case is said to have cost each side more than \$125,000.

#### REACH TENTATIVE AGREEMENT ON NAVAL BILL PROGRAM

#### Senate Subcommittee Will Recommend Four Battle Cruisers and Three Dreadnaughts for Coming Year

Washington, June 22.—The senate subcommittee considering the naval bill reached a tentative agreement today to recommend a building program of four battle cruisers and three dreadnaughts for the coming year, as part of a five year construction policy substantially the same as that drawn up by the navy general board.

An amendment embodying the plan probably will be reported to the full naval committee within a few days.

As it passed the house the bill provides for only five capital ships, all of them battle cruisers, for the next year and contains no provision for a building policy extending into the future.

The five year program of the subcommittee calls for sixteen capital ships, the last to be laid down in 1920. In virtually all other particulars also it follows the general board program except for the first year.

Besides the capital ships the subcommittee plan provides authorization for 1917 of four scout cruisers, ten torpedo boat destroyers, thirty coast submarines, one fuel ship, one hospital ship, one repair ship, one fleet submarine tender, one ammunition ship and one gunboat.

The subcommittee also has agreed to an appropriation of \$3,500,000 for aeronautics.

#### DECISION ON TEST CASE

#### Supreme Court Decides Against Ruling of Judge of Cook County Superior Court

Springfield, Ill., June 22.—The Illinois Supreme Court today ruled against Judge Robert E. Turney of the Superior Court of Cook county in what has been considered in legal circles here a test case involving the right of Superior Court judges to free or grant new trials to prisoners of state penal institutions after using them as state witnesses.

On the petition of Attorney General Lucey the Supreme Court today issued a mandamus ordering Judge Turney to expunge from his record an order entered on April 5 last, vacating the judgment against Charles Lotukas who was sent to the reformatory at Pontiac, Ill., after being convicted of robbery and who was later granted a new trial by Judge Turney.

#### MEXICANS TAKE POSSESSION

#### American Copper Concern is Taken Over by De Facto Government

Kansas City, Mo., June 22.—The fifty million dollar property of the Cananea Consolidated Copper Company at Cananea, Sonora, an American concern has been taken over by the de facto government of Mexico, according to a message from the city of Mexico received today by Delbert J. Hoff, an attorney who represents the company.

#### FOR LABOR DAY SCRAP

Grafton, W. Va., June 22.—An offer of \$45,000 for a fight on Labor Day between Fred Fulton and Jess Willard was tentatively accepted tonight by Willard's manager, Tom Jones. The offer was made by Harry Sherman and James Connelly of Minneapolis, who met Jones here today.

#### OPEN NATIONAL CAMPAIGN.

Chicago, June 22.—A large crowd of men and women attended a ratification mass meeting at the Coliseum tonight called by Mayor William Hale Thompson, Republican national committeeman of Illinois to open the national campaign in the state. There were representatives present from nearly every section of the state.

#### QUARTERS NOT YET READY FOR TROOPS

#### MOBILIZATION OF THREE REGIMENTS DELAYED 24 HOURS

#### Call for Third, Fourth and Eighth Held Up to Complete Sewage System--Gen. Dickson's Staff in Camp

SPRINGFIELD, Ill., June 22.—The mobilization of the third, fourth and eighth infantry regiments, Illinois National Guard, was postponed 24 hours by order of Adjutant General Dickson tonight when it was discovered that the quarters intended for these troops were not perfectly sanitary. The third and fourth are downstate troops. The eighth is a negro regiment stationed at Chicago. The first, second and seventh infantry regiments Chicago will encamp here tomorrow morning.

#### Sewage System Incomplete.

The livestock pavilions that are to be the sleeping quarters of the Third, Fourth and Eighth regiments tonight were spick and span, the field kitchens were set and the mess tables ready but the sewage system had not been completed. Rather than risk a repetition of the epidemic of disease which swept the mobilization camp here in 1898, Governor Dunne and General Dickson decided to postpone the mobilization of three regiments.

#### General's Staff Moves to Camp.

The entire office and field staffs of General Dickson today moved to Camp Dunne and beginning with tomorrow night the adjutant general will sleep at the camp. Governor Dunne said today he would come to the camp whenever it is possible for him to get away from the state house.

#### Will Establish Sub-Station.

The local postmaster today was authorized by officials at Washington to establish a sub-station at Camp Dunne and tomorrow piles of letters that have already accumulated here for soldiers, many of whom have not yet arrived, will be moved to the camp.

#### Will Arrive Before Noon Today.

The First, Second and Seventh regiments from Chicago are expected to arrive here before noon tomorrow. The troop trains will go direct to Camp Dunne and probably before sun down tomorrow the infantry will be put thru its first drill in the mobilization camp.

#### Chicago Regiments Entrain.

Chicago, June 22.—The first, second and seventh infantry regiments of Illinois National Guard together with the first and second hospital corps and the signal corps section, comprising nearly 5,000 men, entrained tonight for the mobilization camp at Springfield.

#### Thousands Cheer Marchers.

Headed by military bands and to the cheers of thousands of friends, relatives and onlookers, the troops marched to the Illinois Central and the Chicago and Alton depots. Cheer after cheer arose from the ranks to meet those of "hundreds of persons accompanying them. Shouts of "We're off to Mexico," "On to Mexico," "avenge the Tenth" and the like were also heard among their number. Their favorite songs were "Hail, Hail, the gangs all here," "We're Here Because We're Here" and "Tipperary."

#### Third and Eighth Gloomy.

Pathetic too, were the expressions on the faces of the Eighth regiment, which received orders tonight as the men were preparing to entrain, to postpone arrangements twenty-four hours. The eighth is a negro regiment and as its members watched the other regiments entrain they looked gloomy, seemingly resenting the fact that they too were not marching with the band. They however, cheered their comrades. Like-wise gloomy were the boys of the third regiment, Colonel Charles Greene, commanding, which received twenty-four hours postponement orders.

#### Rapidly Attaining War Footing

Camp Lincoln, Springfield, Ill., June 22.—With every hour today and tonight the 2,000 or more inhabitants of this camp came closer to the attainment of a real war footing and before many more days pass the entire first cavalry, the first and second battalions of field artillery and company A, engineers will be ready not only to go to the border but to go into battle.

Mounts Are Scarce  
Every trooper of the two thousand spent eight hours at actual military training today, some on the rifle range, some in close order drill formations and the few who were lucky on the three score horses now at the camp. Mounts for the officers of the first cavalry will be obtained by Colonel Milton J. Foreman within the next day or two and it is expected that early next week the federal government will deliver horses for the entire cavalry at Camp Lincoln.

So anxious were the cavalrymen to be on the firing line when they heard today of the ambushing of American forces by Mexican forces near Carrizal that many expressed a willingness to go to the border as infantry.

## FIRST ORDER FOR SENDING NATIONAL GUARDS TO BORDER

Orders Affect First 5,000 Guardsmen to be Mustered Into Service in Central and Western Departments.

Washington, June 22.—The first orders for sending to the border national guardsmen called into the federal service last Sunday by President Wilson, went out from the war department tonight. At the same time, Secretary Baker sent inquiries to the state governors that are expected to hasten mobilization. The orders for movement to the border affect the first five thousand guardsmen to be mustered into the service in the central department and the first 5,000 in the western department.

General Barry at Chicago and General Bell at San Francisco, respective commanders of these departments, were directed to send the quotas indicated as soon as their muster is complete selecting the first units to qualify, regardless of the branches of service to which they belong. General Funston will select their destinations.

#### Wants Report From Each State

In his telegrams to the governors, the quotas asked for in the president's call would be ready. He expects a reply immediately giving the present status of mobilization in each state about which the department now is informed only in a general way. He requested also that each governor report again as soon as his state's units are mobilized. No orders were sent to the eastern or southern departments officials indicating that the troops nearest the border had been selected as the first to go because their transportation would require least time and expense. The states in the western department are California, Utah, Nevada, Idaho, Montana, Oregon, Kansas, Missouri, Nebraska, Wyoming, North and South Dakota, Minnesota, Wisconsin, Iowa, Illinois, Indiana, Michigan and Ohio.

#### Will Not Recognize Fifth and Sixth

Springfield, Ill., June 22.—Governor Dunne said tonight his answer to Secretary of War Baker's inquiry would be that the First Cavalry and the Second artillery battalions will be ready for muster into the federal service as the federal government supplies these troops with horses, that the first, second and seventh Illinois infantry will be ready immediately after their arrival here tomorrow and the third, fourth and eighth regiments upon their arrival here Saturday morning.

The governor tonight received a second telegram from the war department at Washington, in which the department flatly declined to recognize the Fifth and Sixth Illinois infantry as regiments and which indicated, the governor said, that these two units will under no circumstance be mobilized under the present call.

#### CHARGES THAT POLITICS IS CAUSE OF DELAY OF FIFTH'S MOBILIZATION

QUINCY, Ill., June 22.—A telegram was sent today to Senator J. Hamilton Lewis asking him to go to the war department in person and look up the records and see why the Fifth Regiment of the Illinois National Guard was not ordered to mobilize. The name of the man sending the message would not be divulged but it is said that the message intimated that politics was playing a part in not ordering out the Fifth.

In spite of the message received today from Governor Dunne that Secretary Baker would not order the mobilization of the Fifth and Sixth regiments of the Illinois National Guard, word has been sent to all companies in the regiment by Col. F. S. Wood to recruit to full strength and be prepared to move immediately.

#### STRIKE IS RESUMED.

#### Union Longshoremen Quit Work Again at San Francisco.

San Francisco, June 22.—Union longshoremen resumed their strike of June 1 here today and work of loading and unloading vessels came to another standstill, save in two cases where the Union men made permanent agreements with individual steamship companies at the beginning of the strike.

#### START QUINCY GUN FUND.

Quincy, Ill., June 22.—A fund has been started here to purchase machine guns for the local machine gun company attached to the Fifth Regiment, I. N. G. The war department recently notified the local officers of the company that it was unable to supply the guns.

### The Consumer Pays

The hard coal companies may lose \$10,000,000 as a result of the court ruling in Pennsylvania affecting the freight rates into Philadelphia. It is fortunate for the consumers in the western states that the freight rates under discussion apply only to Pennsylvania, for if the losses come to the hard coal companies they can be depended on to promptly add this sum to the prices charged consumers. A lot of public officials and reform agitators seem to forget this fact in their efforts to cut freight rates or increase the taxes that corporations must pay. For a time after such decisions the people are quite gleeful, as the reformer tells of the battles "won for the people" but after awhile it develops, as will always be the case, that the consumer is paying the bill.

### Red Cross Society Ready for Duty

When Red Cross stamps were sold in Jacksonville a few months ago, particularly for the benefit of the anti-tuberculosis work, there were few who thought that the time might be near at hand when there would be a more general work for the Red Cross forces. No sooner had the announcement come that decisive trouble was imminent in Mexico than the officers of the American Red Cross society told the government that hundreds of nurses and physicians were in readiness for movement to Mexico. The alacrity with which this announcement came evidenced very clearly that the society is not only well grounded in patriotism but is so well organized that it is ready for any emergency.

The work of the Red Cross has been so broadened with passing years that it not only includes the giving of aid to the sick and wounded, but preventative work as well, and if our troops go to Mexico typhoid fever and other diseases will be more deadly enemies to combat than the Mexican soldiery. So in the present instance the Red Cross work will be the most important done in behalf of our army, and the volunteers can find much to reassure them as they think of the dangers of actual service, by remembering also how fit and well organized is the Red Cross society.

## Rippling Rhymes

By WALT MASON

### PREPAREDNESS

"Some night," I said, "I'll bet a leg, a yegman will come here to yegg. The papers daily spring a tale of burglars who have swiped men's kale. I don't propose to be despoiled of coin for which I've slaved and toiled, and I shall buy myself a gun, and ammunition by the ton. I bought the weapon, and each night, while I was sleeping, snug and tight, it lay beneath my pillow slip, in easy reach for instant grip."

One night I heard a cautious tread somewhere adjacent to my bed. "At last," I thought, "a burglar's come, and he will find his luck is bum." Then dimly I beheld a shape. "My friend," I mused, "there's no escape." That shape I drew a bead upon, and fired, and then my Uncle John sent up a yell that shook the shack, for I had plugged him in the back. Around his bed the nurses sit, and say he's better now, a bit; the doctor's exercised his skill—and I will have to foot the bill. Now I appeal to everyone, "Say don't you want a first rate gun?"

One night I heard a cautious tread somewhere adjacent to my bed. "At last," I thought, "a burglar's come, and he will find his luck is bum." Then dimly I beheld a shape. "My friend," I mused, "there's no escape." That shape I drew a bead upon, and fired, and then my Uncle John sent up a yell that shook the shack, for I had plugged him in the back. Around his bed the nurses sit, and say he's better now, a bit; the doctor's exercised his skill—and I will have to foot the bill. Now I appeal to everyone, "Say don't you want a first rate gun?"

### DATES IN ILLINOIS HISTORY.

June 23, 1801—A law was adopted which established courts of judicature for Indiana territory, of which Illinois was then a part.

their minds than the stark virtue of Hughes. They did not allow themselves to think too much of 1920. Against this logic and this mood the Roosevelt workers argued ingeniously but helplessly. They pointed out that Hughes was the cruelest boss-killer of them all, that T. R. was always good to the bosses, and a story spread around that one somewhat pro-Roosevelt boss had said: "The colonel used to kick me out of the front door every once in a while, but he'd see me now and then at the back door. But this man Hughes won't let me smell the lilies around the White House." It did not avail. Nothing could have availed with those delegates. They were going to nominate a Republican and no one else.

### U. S. Financially Like Gibraltar

It makes one proud to be an American when it is realized that the financial resources of this country are greater than the combined resources of the warring countries, and this feeling of pride is strengthened by the further knowledge that the bankers do not believe that war with Mexico, or even with a greater nation, would cause any financial flurry or business panic.

The time was when war news would have upset business conditions in a way which would have resulted injuriously to all business men, and thus to all the people. But the United States has grown so wonderfully in resources as time has moved along and there have been such advances made in our financial system that the country stands today the strongest and greatest nation in all the world.

Theoretically, esthetically or whatever word you may use to express it, "highminded men" are said to constitute a state, but after all, to make a state or government powerful we must acknowledge that money and resources form the best kind of a background for the "highminded men."

### Credit U. S. With Right Intentions.

While it is not true of all, it is gratifying to note that a majority of the papers of South American countries in their comment upon the United States-Mexican conditions, credit this country with having no desire for aggression in the possible advances to be made on Mexico. They seemingly have followed the course of events very closely and feel that this government has been more than lenient in its handling of the Mexican situation. They realize that the people of this country have submitted to indignities from Mexico because of the condition existing there, which would never have been tolerated if a stronger nation had been the offender. While it is sometimes considered enough to be satisfied with one's own motives, let others think as they may, this does not hold true of nations, and while the people of the United States realize that there will be no ulterior motives if occupation of Mexico becomes necessary, it is gratifying to know that the countries to the south have enough understanding of the American idea and spirit to realize just what U. S. activities will mean.

### The War Time Spirit.

Wanted, for the patriotic mass meeting tonight, soldiers of the Rebellion who can play the fife and drum. "The Spirit of '76" as depicted in the famous painting with that caption should be re-enacted to night, and nothing will so enthuse the proposed mass meeting as a living picture of old soldiers blowing the fife and beating the drum with war time vigor.

It was proposed yesterday to hold a mass meeting either in Armory Hall or Central Park tonight for the very laudable purpose of awakening new enthusiasm about enlistment in the state militia. As the figures are now the enrollment of Company B shows about 65 names, whereas the company at "war strength" would have an enrollment of 140. The conditions on the border seem to be growing constantly worse and there is every indication that there will be real work for the soldiers of the United States. The situation as it is presented is really a "call to arms" and the fact that enlistments in the local company are lagging indicates that there is not a thorough understanding locally of the situation. This is the explanation which must properly be given, for it is not fair to assume that the young men of Jacksonville and vicinity are lacking in patriotism. Enlistments now will be "for service" and unless mobilization orders come the men who enroll now on the roster of company B will not be held. They are classed now simply as volunteers and the word itself means much, indicating as it does a spirit of patriotism and a willingness to sacrifice personal comfort for the good of the country at large. As the fife sounds and the drums beat to night, let enlistments come rapidly for company B.

### PROBATE COURT

In the estate of Ruby K. Dods-worth the report was approved. In the estate of James R. Ginder final report was approved.

In the matter of the conservatorship of Fannie Swain, the report of Marietta Swain, conservatrix, was received and she was discharged.

In the estate of J. A. Campbell, the petition for probate of will was filed and the hearing set for July 17, 1916.

A sensational play of love and intrigue

If you were a man, cast upon a desert island, with two beautiful women—one a blonde, the other a brunette—both professing to be your wife, what would you do? If both of these women were madly in love with you—one professing her love in passionate appeal, the other with quiet entreaties—which direction would your conscience bid you to turn?

And this is only a part of the plot created by Cyrus Townsend Brady in "The Island of Surprise."

E. C. Garnier the Burlington dispatcher at Beardstown passed thru here yesterday on a business trip to Franklin.  
J. W. Marshall, local agent at the Wabash was called to St. Louis on account of the serious illness of his brother Ray.  
Springfield Officials Busy  
The railroad officials are having their brains taxed and are being compelled to use a great deal of ingenuity in order to prevent congestion of trains when the troops are arriving. However they have been in constant touch with General Dickson and are working industriously to have all troop trains ready and to have them leave on schedule time.  
Train Load of Buick Dealers  
The Buick Automobile Company has a reputation for shipping train loads of cars at a time. However a new rival was found Tuesday when a trainload of Buick dealers left Chicago for Flint, Michigan, over the Chicago and Northwestern. This was one of the largest delegations of dealers ever hauled in a single train load party.

About thirty men appeared at the hospital tent asking treatment for cuts, bruises and blisters, but no one was hurt seriously.

**SUPREME COURT FINDINGS  
MADE PUBLIC THURSDAY**

**Circuit Court Is Upheld in Declaring Anti-Shipping Law Invalid.**

The supreme court yesterday handed down an opinion in the Jacksonville anti-liquor shipping case in which the opinion of the lower court declaring the ordinance invalid was upheld. The case was styled the City of Jacksonville appellant vs the Chicago & Alton R. R. appellee, and the circuit court finding was made by Judge Jones. The supreme court finds that the council exceeded its authority in passing the anti-shipping ordinance.

The supreme court also made public Thursday the writ of mandamus issued in the Jacksonville school case wherein the validity of the act abolishing the Jacksonville school charter was attacked.  
Another finding of interest in this case was in the case of Tomhave vs Vortman wherein the higher court transferred the hearing to the appellate court. The case involves the boundary of certain lands in the Neeleyville neighborhood.

### AWAIT U.S. ARMY OFFICERS' REPORT

(Continued from page one.)

to defend "our national peace and the safety of our citizens" even at the cost of war.

"Enclosed for your information a copy of this government's note of June 20th, to secretary of foreign relations of the de facto government of Mexico on the subject of the presence of American troops in Mexican territory. This communication states clearly the critical relations existing between this government and the de facto government of Mexico and the causes which have led up to the present situation.

"Should this situation eventuate into hostilities which this government would deeply regret and will use every honorable effort to avoid, I take this opportunity to inform you that this government would have for its object, not intervention in Mexican affairs with all the regrettable consequences which might result from such a policy, but the defense of American territory from further invasion by bands of armed Mexicans, protection of American citizens and property along the boundary from outrages committed by such bandits, and the prevention of future depredations by force of arms against the marauders infesting this region against a government which is encouraging and aiding them in their activities.

"Hostilities, in short, would simply be a state of international war without purpose of the part of the United States other than to end the conditions which menace our national peace and the safety of our citizens."

To Reassure Latin-Americans.

This communication was issued to the Latin-American diplomats it is understood to reassure them as to the policy of the United States and in an effort to keep intact the Pan-American understanding for which the administration has labored. European representatives will not fail to obtain copies of the document and it is understood to be aimed partly at anti-American propaganda conducted abroad by Mexican agencies and other influences which are said to seek to promote hostilities between the two countries.

Charges Were Widely Circulated.

General Carranza took pains to see that his charges of bad faith against the United States were widely circulated, both here, in Latin-America and in Europe. Secretary Lansing felt it advisable to counteract this. He would not discuss his reasons, but it is known that the state department has received much indirect information tending to show that German influences have been busy against the interests of the United States in Mexico, Latin-America and in neutral Europe. It was suggested also that Mr. Lansing might have intended the circular note to head off possible offers of mediation.

Yielding to European Influences?

Word that General Carranza was believed to be yielding to the European influences brought to bear on him in an effort to avoid war reached the state department thru diplomatic channels. The Carranza cabinet which studied yesterday the American note refusing to entertain at this time any request for withdrawal of American troops from Mexico was reported to have found in it basis for further diplomatic interchanges. This was construed by some Mexican City diplomats to mean that General Carranza would seek a settlement of the situation without carrying out his threat to attack General Pershing's men. His note in regard to the Carrizal incident is viewed in some quarters as supporting that theory.

Rodgers Has Made No Report.

Special Agent Rodgers has made no report on the reception of the American note. A message today told of the display of posters about the Mexican capital recounting the killing of General Gomez at Carrizal by American soldiers and the capture of seventeen Americans by Carranza troops. Officials admitted this was not a hopeful sign.

Mr. Rodgers also reported that thru arrangements with the Carranza government 400 American citizens would leave Mexico City for Vera Cruz by special train tomorrow, following the 200 who reached the coast in safety yesterday and now are aboard the Battleship Nebraska.

It was pointed out that Mr. Rodgers' last estimate of the number of Americans in the capital and vicinity was 600. If this is correct virtually all will have been placed in safety when tomorrow's train reaches Vera Cruz.

Resolution in Congress.

Congress was called upon today to do its share toward facilitating the organization of the national guard army rapidly preparing for service. A resolution was introduced by Chairman Hay of the house military committee to be called up for action tomorrow, authorizing the president to draft into the federal service all members of the guard, who take the new enlistment oath and to hold them for the duration of the emergency for which they are called out.

The words "duration of the war" were altered after a conference between Secretary Baker and Mr. Hay. The resolution provided that incomplete units of the guard may be consolidated and mustered in. Families Would be Provided for.

Chairman Hay also plans to introduce a measure creating a fund of \$500,000 to be used for the relief of families of national guardsmen called into active service. A maximum of \$50 a month for any one family would be authorized.

Secretary Baker was in conference during the day with President Wilson. It was reported that the possibility of calling out volunteers in addition to the national guard should the war with Mexico come, was discussed.

Mr. Baker was asked later if this subject was under consideration. "I believe I will not discuss that," he replied.

Advocate Volunteer System. Army officers pointed out that authorization to call volunteers would permit the application of the system used during the Spanish war to recruit regular regiment up to war strength. Enlistment was accepted for the term of the war making it possible for a citizen to volunteer for service with the regulars, without binding himself for the long term of regular army enlistments.

Three States Under Marching Orders

The national guard of three states, California, Kansas and Missouri, virtually was under marching orders tonight. The force totals at least 10,000 men, including three brigades of infantry, seven troops of cavalry, seven batteries of field artillery, three companies of signal corps, troops and ambulance companies and field hospitals. Commanders of the central and western departments were directed to send the guardsmen as soon as they have been mustered to points on the border to be designated by General Funston.

Militia division officials had no reports to indicate how soon the troops of these states would start south. They were selected, however, because they are the most efficient organizations of considerable strength which can reach quickly the points where General Funston has indicated they are most urgently needed. No general estimate of the progress of the guards mobilization is available at the war department.

### COMMENCEMENT AT HARVARD

Cambridge, Mass., June 22—Harvard University, the oldest of all American educational institutions, today closed its 28th year, graduating one of the largest classes in its history. The commencement exercises, hitherto held in Sanders Theater, were transferred to the Stadium this year because of the better facilities offered for handling the large crowd of invited guests. Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed Senreco to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested Senreco from every angle; some going even so far as to make a chemical analysis—

**And They  
Voted Yes**

With practically one accord—said:

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's one of the best I have used." "I can recommend Senreco as the best." "Makes the teeth glisten and is free from injurious ingredients, including pumice and grit." "I am indeed glad to get a tooth paste that does the work." "Congratulations you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know; why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Santal Remedies Co., Inc. Dept. B, Masonic Temple, Cincinnati, Ohio.

## DIPLOMAS PRESENTED TO PASSAVANT NURSES

GRADUATES EXERCISES WERE  
HELD THURSDAY NIGHT.

Address Made by Rev. J. F. Lankton and Mayor Rodgers — Diplomas and Certificates Given By Dr. Black, Dean of the Training School

Passavant Memorial Hospital has had another graduation day and diplomas have been awarded to

Miss Alice Harmon of New Liberty, Ind.

Miss Verna Mulligan of New Berlin.

Miss Ina Blimling of Concord.

Miss Margaret Day of Beardstown.

Certificates of the completion of twelve months of post graduate work were issued to:

Miss Lillian Brodie.

Miss Elizabeth Brodie.

A large gathering of friends of the institution enjoyed the exercises which were of a superior character at the hospital Thursday night. The chapel was most beautifully decorated for the occasion and presented a fine appearance. After a fervent invocation by Rev. G. W. Flagg, the president welcomed the friends present and then Mrs. H. C. Woltman favored the audience with a vocal solo most beautifully rendered and entitled "I Hear You Calling."

Mrs. Frank Vickery very acceptably served as accompanist.

Mayor H. J. Rodgers, of the board of trustees then offered an able address of which a few thoughts are given: "The changes that occur in our lives are great and there are on all hands indications of progress and of these this hospital is one. Its work is like that of the Good Samaritan who was cared for by a stranger who paid the bills and showed him all kindness. That generous idea continues in the hospital work of today. I have watched hospitals all my life but have not needed them till recently. In a moment some members of my family and myself were put in a condition that demanded immediate attention and were brought here and received the best of treatment and care for several weeks.

"I didn't realize till that time what a blessed institution a hospital is to receive everybody without reference to race, creed, condition or color. So my interest in the work of the hospital has been aroused for I regard it as one of the most beneficent of enterprises. Passavant Hospital has been here a long time. It has suffered a number of vicissitudes but now I am sure it is on the road to prosperity and has a grand future awaiting it. We hope soon to have a new building which will be a lasting monument to the generosity of the people of this region.

Mrs. Frank Vickery then rendered in a highly artistic manner a piano solo entitled "Romance" by Babst, after which Rev. J. F. Lankton, rector of Trinity Episcopal church, delivered a splendid address.

Mrs. Woltman again sang most effectively a solo "Perfect Day" after which Dr. Carl E. Black, dean of the training school, delivered the diplomas to the graduates. In doing so he spoke briefly.

"The training school for nurses is comparatively a new enterprise. The profession of the nurse is of recent origin. The training school involves a course of three years of twelve months each with a vacation of possibly two weeks, and sometimes less each year. Nor is there any such thing as an eight hour day for the exigencies of the case require the day may even be 24 hours. Then there are studies, lectures which must be heard with note book and finally examinations all in addition to regular work among the patients. If all has gone well at the end of three years diplomas are granted. It should also be understood that the course of study is prescribed by the state of Illinois and in order to be able to have the title of R. N. registered nurse, all examinations must be passed and all the work mentioned must be done. All this the present class has done and this entitles them to a place in this state and some others which recognize the diplomas of Illinois hospitals.

To the class: "In the past you have had teachers to guide and aid you but now you will go out into the world and must strive hard to protect your profession and see that it deserves due respect. Yours is the noblest of professions; it is a life of service. Work should be placed above reward and in all things you should try to make your calling honorable."

All then repeated the Florence Nightingale pledge after which the diplomas to the graduates were delivered and the capable superintendent, Miss Ida B. Vanner, pinned on each the R. N. pin.

Rev. R. O. Post, D. D. then pronounced the benediction after which delicate refreshments were served and a social hour most pleasantly passed. Thus ended the graduating exercises of this noble and beneficent institution.

### SCOTT HELD WITHOUT BOND

**PLEASING MEETING  
AFTER MANY YEARS.**

Two score and more years ago in the German vaterland the families of Schultz and Hasselbach were near neighbors and quite intimate. Like many others they decided to seek their fortunes in the new world and the Schultz family set out first and eventually located in this city. The Hasselbachs came later but didn't get any farther west than the state of New York but they located their Schultz friends and for 35 years they corresponded. Finally the New York people, or a part of them thought they would like to see something of the western prairies so Mrs. Louise Hasselbach and her daughter, Mrs. George Karges of Brooklyn, New York, set out for the trip toward the setting sun and in due time arrived at the home of Philip Schultz on East College avenue, this city and the meeting of the old time friends so long separated was truly most delightful.

### WHY NOT HAVE A CAMP HERE?

It has been suggested that a military camp could well be established in this city on the land owned by the State School for the Deaf just west of the institution. There is plenty of room and the facilities would be excellent in every way. The quarters at Springfield are said to be overcrowded, or will be with a much larger force and there is no reason why our own boys and a lot more to the west of us might not pitch their tents on that spot of ground.

It would certainly be well if some one could take up the matter with the governor and see if the arrangement cannot be perfected.

K. B. Megginson of Woodson was a visitor in the city yesterday.

## FAMILY TROUBLE THE CAUSE OF KENTUCKY MAN'S SUICIDE

All But Illegible Note Found on  
Body of C. M. Popplewell Who  
Jumped Beneath C. P. & St. L.  
Freight.

Family trouble probably was the cause of C. M. Popplewell committing suicide by jumping beneath north bound local freight No. 28 on the C. P. & St. L. railroad about a quarter of a mile north of Oak street at 1:35 o'clock Thursday afternoon. Popplewell's head was severed from the body and was lying inside the rails. The body was lying outside of the east rail and the right hand also was badly mangled.

A letter found in the dead man's pocket written on a leaf torn from a note book points to suicide. This note addressed to his wife says she and someone named Clode are indirectly the cause of death. The letter was badly written and the last part of it was illegible. The letter reads as follows:

"Mary Jane, my dear wife, you and Clode indirectly caused my death. I feel bad Mary Jane, I love you better than anyone. I told you I would do this when I offered you my money and you want to live in."

Here the letter could not be read.

The first the train crew knew of the suicide was when the rear brakeman saw a suit case and then the body of Popplewell. He stopped the train and the crew went back to where the body was lying. It looked as the Popplewell had stepped off of the track when the train approached as there was a path into the weeds from the track which extended in a half circle back to where the body was found. It seems that Popplewell threw himself between the cars about the middle of the train.

Coroner Wright was notified and had the remains moved to the undertaking parlors of J. G. Reynolds. It was after the body was searched there that the letter to his wife was found that made it apparent that it was a case of suicide.

In the dead man's pocket also were two letters written from White Heath, Ill., and two registered post-office receipts. One of these was for a letter or package sent to A. M. F. Hill, county judge of Russell Co., Ky., of which Jamestown is the county seat. The other was sent to Marcus Fox, at White Heath, Ill.

The two letters were written from White Heath. One was signed by Nettie Abner and the other by Luther Abner. Both were appeals for money and each writer referred to the other as being ill and in need of help.

It was learned that Popplewell had been working on the farm of John Laurie near Savage Station. He left there Thursday morning and it was believed that he had started for his former home in Jamestown, Ky. He has two nephews who are working for Mr. Laurie.

The wife of the dead man, it is

believed, lives in Jamestown, Ky. A telegram has been sent there to Judge Hill to find out something about Popplewell. However, Jamestown is about thirty miles from a railroad and unless there is a good telephone service it probably will be some time before a reply is received.

The dead man was apparently about 60 to 65 years of age and evidently had resided for a time at White Heath before coming to this county.

Coroner Wright empaneled a jury composed of the following: M. H. Carroll foreman, John W. Priest, clerk, F. J. McGhee, Charles Simms, D. J. McCarty and Frank Bahan. The inquest will be held at the undertaking parlors of J. G. Reynolds this morning at 11 o'clock.

### WARNING.

The premature celebrating of the Fourth of July by the discharging of firearms, torpedoes, etc., is prohibited. Persons violating this order will be arrested.

### WORKING IN WYOMING.

Ellis Henderson has received a letter from his friend, H. O. Arter, formerly of this city and now of Powder River, Wyoming, where he is head of a cement construction gang in the employ of the Burlington road. Mr. Arter says he has forty men under him and is well pleased with his position and work and is in excellent health.

Miss Susie Deer of Carrollton, Ill., was in the city yesterday on her way to Springfield.

**BROOKLYN COPS BOTH GAMES OF DOUBLE BILL FROM PHILLIES**

Philadelphia Are Blanked in First Contest; Lose Second 8 to 5—Other National League Scores.

Brooklyn, June 22.—Brooklyn drew away from Philadelphia today by taking both games of a double header 5 to 0 and 8 to 5.

In the first game Pfeiffer allowed only two hits and did not issue a pass. McQuillan was hit hard in the fourth and fifth innings, giving way to Chalmers. The Superbas got a fine start in the second game scoring three runs on hits and two batters winged by Bender. The Phillies overcame the lead and went to the front by one run by hammering Smith and Dell for five hits and three runs in their half of the seventh. Brooklyn came right back by bunting five hits and four runs off Bender and Mayer.

**SOME FINE CATTLE.**

While C. E. Allen of the Harmon dry goods store was visiting in Camp Point recently he saw C. E. Lewis of that vicinity preparing to put on cars nine loads of fat cattle he had been feeding on his farm near that place. Two of the loads topped the Chicago market bringing their owner \$11.40 a hundred and the whole sold for \$22,240.

Mr. and Mrs. Wm. Oxley of Durbin vicinity were city visitors yesterday.

**AUTO TOURISTS TRAVELLING ACROSS COUNTRY HERE**

Major Grove's Home Is In Panama—In The United States on Furlough

Three very interesting tourists arrived in the city yesterday on their way from Denver to New York City traveling in a Studebaker automobile. They were Major W. R. Grove, wife and son, some fourteen years old. They remained in Jacksonville for dinner and supplies and then pushed on expecting to reach Indianapolis tonight. Major Grove proved to be a very agreeable gentleman and answered the questions asked by the Journal reporter in a courteous manner.

The home of the gentleman and family is at Balboa Heights, Panama, and he is connected with the quartermaster's corps of the regular army some seven thousand men being stationed there. While it was frequently said that there was a dead body of a laborer for each tie in the railroad across the isthmus, Major Grove says the land is now as healthy as any. There are about 15,000 borers and those connected with the canal and they will probably be occupied two years yet dredging the canal and preparing the banks so there will be no more landslides.

Col. Goethals is held in very high esteem in those quarters and the government and the people owe him much for his grand work in administering and conducting the great enterprise.

About four ships daily pass thru the canal and many more would doubtless go thru but for the European war. When it was filled with the last landslide 125 ships collected there and most of them had to go around the cape to their destination.

Panama is rather sparsely settled and there is a great deal of jungle land. This is expensively brought under cultivation but is rich and productive and the U. S. government is clearing fifty thousand acres of it for the purpose of raising the food for man and animals. The people of the country are much like all residents of the tropics; not given to work and not obliged to exert themselves very much as the necessities of existence are easily secured.

Almost all the supplies now for the men and animals are shipped in but Major Grove says the government hopes to produce most of its needs on the land it is clearing. It is not a desirable place for soldiers but there is much for them to do making roads, surveying and the like. Our government has done a mighty work in the canal and its future is hard to estimate.

Major Grove expected to return to Panama at the close of his furlough going from New York by water and shipping his car on the steamer.

**THREE ARE VAGGED.**

The police on Thursday picked up three well known characters and placed them in the county jail. They were Frank Clerihan, Harry Large and Ed Large. All of them had been sentenced for vagrancy and were allowed to leave town. Recently they returned. Clerihan probably would have escaped imprisonment, but for a proclivity for mooching. He tried to mooch a painter named Rathburn for a piece of money. When it was refused he smashed Rathburn's hat down over his ears. Rathburn reported the matter to the police and Clerihan was arrested and taken to jail.

**WILL TAKE TRIP TO CANADA.**

Mrs. Nellie Nichols and Miss Gannett Chapman of the staff at Passavant hospital left yesterday for visit at Mrs. Nichols' home. They will go to Orillia, Ontario, Canada, to visit at Mrs. Nichols' home. They expect to stop at Detroit, Buffalo, Niagara Falls and Toronto on the way and will make the Niagara trip by the Great George line, and from there to Toronto via Niagara steamship line.

C. E. Cadwallader of Springfield was in the city on business yesterday.

**READY FOR BIG BOAT RACE**

New London, June 22.—With the expectation of witnessing one of the greatest aquatic events of the year, the advance guard of an army of enthusiasts and college men arrived in New London today in anticipation of the annual Yale-Harvard boat races to be rowed over the Thames course tomorrow. The early visitors found the city in regatta garb, the hotels, business houses and many residences displaying a profusion of blue and crimson flags and bunting.

The several crews that will compete in the regatta took their final practice spins today. The coaches of the two institutions, after seeing the blades dipped in the water for the last time before the races, expressed themselves as well satisfied with the condition of the crews. It is the general opinion that both of the varsity eights have made a decided improvement over their early season form.

Three races will be included in the day's program. The morning races will be for the second varsity and freshmen eights, starting at 10:30 o'clock from the drawbridge and finishing two miles up the river. The race of the varsity eights, the big event of the day, will be called at 5:15 p. m. The start will be off Red Top and the finish at the Newbridge four miles below. A year and the year before the varsity race was rowed up stream.

H. J. Gerdes of Benson was visiting friends in the city yesterday. John Rose and John S. Davis of Urbana were numbered among the visitors in the city yesterday.

**HOW TO KEEP WELL' IS THEME OF CHAPIN HOUSEHOLD SCIENCE CLUB**

Mrs. R. D. Omer Presents Paper of Interest at Meeting Wednesday—Says Moderation Counts for Much

Mrs. Ellen Coultas was hostess to the Household Science club Wednesday afternoon. There were sixteen members present. The guests were Mrs. T. White of Oklahoma, Miss Vandervoort of Irving, Misses Edna and Ruth Hutches, Mrs. George Cratz and Miss Aileen Omer.

Mrs. R. D. Omer read a paper on "How to keep well, young and happy." Mrs. Jas. Colman lead the discussion on "Planning a Week's Work." Light refreshments were served.

In discussion of her theme Mrs. Omer said in part:

"The engineer knows how to get the best work out of the engine and he has learned how to take care of the machine. The digestive apparatus of man is more delicate and more complicated than is any machine, and yet, he treats it with indifference, neglect and even contempt."

"Man uses his stomach with no attempt whatsoever to understand it and blames everyone but himself if it gets out of order. It is said 'an ounce of prevention is worth a pound of cure,' but all these truths are for the other fellow. We can see all the more, in the other fellow's eye."

"How many are the ways of abusing our health? Take, for example, the woman living alone. She knows that her body requires as much nourishment as the woman living in the home with a large family. For many days she will subsist on meagre fare, and to what end? Not to build up strength, and store up energy, but probably to save a little work, many times to save a little money to buy a dress she does not need, or a new hat when she has more than she can use. But, should she need some extra strength to meet the demands of illness or do an unusual task, it is then too late. On the other hand, we see people who eat regularly, with the result that steady nerves and a long life are theirs."

**A Moderate Man.**

The late Thomas Bailey was one of these. He was never known to overeat of undereat. Because it was a feast day was no reason why he should ever take a second helping which he knew he did not need. As a result of his moderation he led an active life for a period of over eighty years. A lady who underwent a serious operation with results especially satisfactory was informed by her physician that her life was saved by the fact that she had always eaten regularly and well.

"How many mothers neglect themselves at the table by anxiously looking into each child's welfare and taking but little thought of their own unbalanced meal digestion? 'There are people that lose their appetite and while they realize that they need food as much as when appetite is good, yet they go ahead with their work, using up reserve force, without the least investigation as to where the machinery is wearing out or what should be done to stop the war.'

**Looking at the Bright Side**

"After doing three days work in one day, to get ready to go to a wedding, an elderly person, that had taken no notice of my unwise dining remarked, 'You may see the sad effect now, but just keep on and you soon will.' To a certain extent our lives are what we make them. The cheerful man—the cheerful world! The gloomy man—the gloomy world! Who among us cannot recall the sickly man making for himself a sickly world. How easy it would be for him, by looking on the brighter side, to make for himself a healthy world and a happy one."

"It seems that all do not agree as to how to get the most out of life. To some it means making others happy. To others it means the accumulation of wealth and to others fine clothes and luxuries only appeal. As Household Science members let us see to it that we continually work for healthier and happier families."

"The great majority of people suffer so much from preventable things. We all live a life of jump in the river before we get to the bridge. How few of the expected calamities ever arrive."

**COLLEGE ROMANCE**

LEADS TO ALTAR  
Los Angeles, Cal., June 22.—The wedding of Miss Ruth Tinglebaugh and Richard Rutherford, which is to take place here tomorrow at the home of the bride's parents, will mark the culmination of a romance that had its beginning at the university of Nebraska, where both the prospective bride and bridegroom were prominent in student athletic circles. Rutherford was one of the greatest athletes ever developed at the Nebraska university, starring in basketball and wrestling and rounding out three years on the Husker football team without ever having met defeat. Miss Tinglebaugh, during the two years she attended the university, held the woman's tennis championship. When her parents left Lincoln to make their home in Los Angeles, Rutherford secured a place with the live-saving crew at Long Beach during vacation last summer and figured in a number of thrilling rescues. After their wedding trip the couple will return to Lincoln, where Rutherford has been elected assistant coach at the University.

## TO PRESERVE THE HAIR

S. W. NICHOLS RESIGNS AS  
PRESIDENT OF PASSAVANT

Sent Resignation to Trustees at Special Meeting of Trustees Thursday Night—Seeks to Make Place for Younger Man.

The trustees of the Passavant Memorial Hospital Association held a called meeting last evening at the institution. The president explained that the meeting was especially called in order that the trustees might fully understand the reason why the transfer of the hospital property to the association has not been made. When the deed from Mrs. Eliza Ayers was made it placed the property in the possession of the Association for Works of Benevolence and Mercy of the Evangelical Lutheran church of Illinois in trust for the purpose of maintaining a hospital and home for orphans.

When the recipients found the trustees unable to carry on the work with the facilities at their command the property was by them leased to the present association for ten years. At the end of that time the campaign for a new building was begun and the owners of the property desired to deed it to the local organization but it was discovered, after much investigation that they would be unable to do so legally as a trustee cannot name his successor and in order to make the local body the legal owners of the property certain steps will have to be taken in order to consummate that end.

The board placed the matter in the hands of the executive committee with power to act.

Rev. G. W. Flagg asked regarding the status of the ministers in the board of trustees. They were always asked to be present and at the same time they had no vote.

It was explained to him that at the time the work and management of the hospital were taken over by the Protestant churches of the city the ministers, by a unanimous vote, decided that they would aid the work in every way in their power but they did not want to be trustees and on that statement they have always been desired at the trustee meetings as it is especially the desire of the management that the churches may feel that the hospital is the work of the churches.

The members of the executive committee were instructed to ascertain the desires of the ministers now in the city and to see if it can be arranged so that the clergy may be legal members of the trustee board if they are willing.

The president then read the following: To the Trustees of Passavant Memorial Hospital Association, Jacksonville, Ill.,

Ladies and Gentlemen: I hereby tender my resignation as president of your honorable body. I do so without the slightest suggestion from any one either within or without the board and without the slightest intimation from any one that my services were not wholly satisfactory.

For forty-two years I have been intimately associated with the institution and the humble efforts I have put forth financially have been but a small part of my services to the institution. It has been a great part of my life and I love it as I love one of my own flesh and blood and it is because I thus love it that I am willing to step aside and let new and younger blood take my place in the hope that it may be for the welfare of the hospital.

I do not ask to be relieved from work for I am ready to do for the hospital, all that in me lies and I earnestly hope that you will select a successor who will carry on the work in a vigorous and successful manner and it will be my pleasure to render him all the aid in my power.

I take this step with kindly feeling and I trust it will be accepted by you. When all is prosperous and harmonious is a good time to step aside and make changes. A man has learned a great deal when he learns his limitations and becomes aware that some other person may fill better than he the place he occupies.

With best wishes for the hospital, I am

Yours respectfully,  
S. W. Nichols.

Dr. Carl E. Black, Mr. H. J. Rodgers and Mrs. Kate Hollinger were made a committee to consider the matter of a successor.

Adjourned.

Mr. and Mrs. John W. Ramsey of Lafayette, La. are guests at the home of Charles H. Cowdin, northwest of the city.

TO CONTRACTORS

Sealed proposals will be received by W. M. Pfeffer, at New Berlin, Illinois, Secretary of the Board of Education at New Berlin, Illinois, up to 8:00 p. m. July 5, 1916, when they will be opened and read in public for the following work:

The General Contract for a Township High School to be erected at New Berlin, Illinois, for Township High School District No. 189, of Sangamon county, Illinois, including heating, plumbing and ventilating to complete the building as shown in plans and specifications prepared by J. N. Coleman Architect at 7106 South Chicago Avenue, Chicago, Illinois.

Proposals must be accompanied by a certified check in the amount of two per cent of the Contractor's proposals made out to W. M. Pfeffer, Secy. of the Board of Education.

No proposal will be received after the hour specified, and all proposals must be accompanied by return of the plans and specifications.

Plans and specifications may be obtained for the above work, either from the architect or the secretary of the board of education.

The board reserves the right to reject any or all bids.

Dated at New Berlin, Illinois, this 15th day of June, D. 1916.

W. M. Pfeffer, Secretary.  
District No. 189, Sangamon County, Illinois.

MISS SUSAN EAMES HAS RETURNED  
FROM WORK IN CHINA

Missionary Is at Home for Well Earned Rest of a Year—Has Been Located in Chefoo.

After seven years of devoted service in Chefoo, China, Miss Susan Eames is at home to enjoy a furlough of a year, a rest most richly earned.

Chefoo is a city in North Shantung province and contains 100,000 inhabitants. It is beautifully located on the bay with lofty mountains in the rear of the place making a very romantic and attractive location. Her work is with the foreign missionary department of the Presbyterian church and the station is one established a long time. A veteran worker there is Dr. Consett who has been on the ground for more than fifty years and even yet his eye is not dim nor his natural force abated as was the case with the great lawgiver of Israel when he reached the banks of the river Jordan with the charge he had led for forty years thru the wilderness.

The plan comprises a large inclosure called a compound in which are a large church, a fine, new and well equipped hospital, the recent gift of a wealthy man, a business college, a school for boys, a school for girls, a primary school, a kindergarten, a well equipped playground and other features. The young lady has a number of interesting photographs of children, playground and other features of the place.

Miss Eames is superintendent of the primary and kindergarten schools and has the whole force under her supervision. She has some 800 children in all under her care and that of her teachers and in addition she does some teaching herself as far as other duties will permit. She has a busy life with it all yet she looks well and is, like all missionaries, in fine spirits and enthusiastic in the work. Some of the children in the primary department study the English language and as they advance to higher schools they follow up the study and in time many of them become fairly proficient in the use of the language of the United States.

The work is onerous and has many drawbacks and causes for discouragement but missionaries are made of enduring material and stand up to what would wear up those of this land. At present the crying need of China is Christian leaders and it is the work of the church to supply them. The Chinese government has some schools but they are deficient in many things and sometimes they are almost farcical and to the mission schools the intelligent people turn for learning. In another part of the city of Chefoo is a school maintained by wealthy natives who wish their children to have substantial knowledge and they employ the missionaries to conduct the school which has a large number of pupils who are learning the ways of the Caucasian race and the religion of Jesus Christ.

Many Chinese are coming to see that the doctors and teachers sent there by the missions are the only reliable persons in their respective professions and they patronize the schools and often become identified with the churches too.

Miss Eames is a very interesting and entertaining young lady and is enthusiastic in her great work and possesses great talent and ability in the conduct of the school committed to her trust.

B. F. HARRIS' PORTRAIT PLACED  
IN FARMERS' HALL OF FAME

Pioneer Farmer and Cattle Raiser Is Honored—Farming Possibilities Emphasized in Address.

Urbana, June 22—A portrait of the late B. F. Harris of Champaign, pioneer farmer and cattle raiser, was placed in the Illinois Farmers' Hall of Fame at University of Illinois, today, with appropriate ceremonies.

The Farmers' Hall of Fame was established in 1909 because of a desire to commemorate the men who had contributed to making Illinois a great agricultural state and honor them as well as the statesman and warriors produced by the commonwealth. The men honored previously are as follows:

Cyrus Hall McCormick, inventor of the reaper.  
Philip D. Armour, packer.

Jonathan B. Turner, father of agricultural education in the state universities.

James N. Brown and Isaac Funk. Benjamin Franklin Harris, whose memory was honored today, was born December 5, 1811 in Virginia. He came to Illinois in 1834 and died in 1905. He was frequently styled the most successful cattle feeder in the world. On March 23, 1856 his famous herd of 100 cattle was weighed, each of the 100 head weighing 2,378 pounds. This is said to have been the finest and heaviest 100 cattle ever raised and fattened by one man.

The program of the ceremonies follows:

Address—George F. Tullock, President State Farmers' Institute, Rockford, Ill.

Biographical Sketch of B. F. Harris by his grandson, B. F. Harris, Champaign, Ill.

Address—The Farm as an Opportunity in Our American Life, by Dr. R. H. Schuett.

Presentation of the Portrait—N. M. Harris.

Unveiling by great-grandchildren, Mary Julia and B. F. Harris, Ill.

Acceptance of Portrait—Dean E. E. Davenport, University of Illinois.

Address—The New Agriculture, Carl Vrooman, Asst. Secretary of Agriculture.

Address—The Social Side of Good Roads, Homer J. Tice, Greenville, Ill.

BOARD MAY ABOLISH  
SCHEDULE FOR TEACHERS

Plan Adopted For City Schools Several Years Ago Provided for Graduated Increases—New Board Confronts Need for Cutting Expenses.

About two years ago the board of education adopted recommendations made by committee on teachers with reference to a salary schedule for all teachers in the city schools. The schedule divided teachers into three classes; first, those teachers from the 1st to the 6th grade; second, teachers from the 6th to the 8th grade, and third, the teachers in the high school, principals and special teachers and supervisors. The schedule of salaries was fixed providing for increases from year to year as teachers devoted attention to study and preparation work. In fixing the salary schedule recognition was taken also of the educational training that the teachers have had. The range of salaries for teachers of the first class was \$50 to \$70; for teachers of the second class \$65 to \$85; for teachers of the third class \$75 to \$133.33.

By this schedule and because other expenses have increased the expenditures for the school system have grown from year to year. The salaries as paid the past year consumed practically all of the money raised by taxation in the general fund. Because the new board feels the imperative necessity of cutting down school expenditures in order to make the cost of school management nearer equal the annual revenues, it is likely that the present board will discontinue the schedule of salaries. No member of the board is authority for this statement, but it is known that the present board members generally, after going into the financial status of the schools, realize that reduction of expenses is necessary.

The law provides that 1-1/2 per cent may be raised for general school purposes and 1-1/2 per cent for building and repair purposes. Only by a vote of the people will it be possible to change the amount for the general school expenditures from 1-1/2 per cent to 2 per cent. Even if the board wished to suggest this action it would not be possible to accomplish it and have the funds available for this year. As a matter of general interest the schedule of salaries as adopted by the former board is herewith published.

First, that the said teachers be divided in three classes.

First class: From 1st to 6th grades inclusive.

Second class: 7th and 8th grades.

Third class: High school, special teachers and supervisors, four ward principals, seventh and eighth grade principal and assistant high school principal.

Second, that in order for anyone except those who are employed to teach at the time of the adoption of the resolution—to be eligible to teach in the first and second classes, in the public schools of the city of Jacksonville, he or she must be graduated from an accredited high school or its equivalent and have two years' experience in teaching—not less than eight months each year—or be graduated from one of the state normals in this state, or elsewhere, provided, that any person who has served as a substitute in the public schools of Jacksonville, two years or any part of two years and the remainder of two years in teaching, shall be held to fulfill this requirement.

Third, that in order for any person except one who is employed to teach at the time of the adoption of this resolution—to be eligible to teach in third class in the public schools of the city of Jacksonville, he or she must have at least two years of university or college work in some institution of good standing or have a degree from one of the Illinois state normals, or its equivalent.

Fourth, that the teachers of the first class be paid as follows:

First year, \$50; second year, \$52; third year, \$54; fourth year, \$56; fifth year, \$58; sixth year, \$60; seventh year, \$62; eighth year, \$64; ninth year, \$66; tenth year, \$68.

Fifth, that the teachers of the second class be paid as follows:

First year, \$65; second year, \$67; third year, \$69; fourth year, \$71; fifth year, \$73; sixth year, \$75; seventh year, \$77; eighth year, \$79; ninth year, \$81; tenth year, \$83.

Sixth, that teachers of the third class be paid as follows:

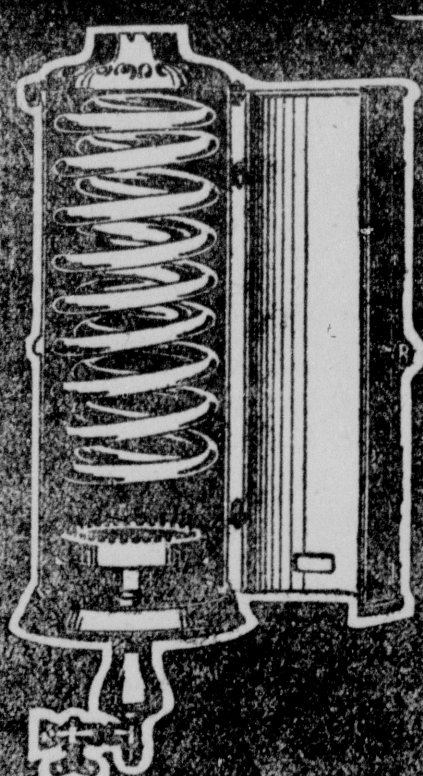

First year, \$75; second year, \$82; third year, \$89; fourth year, \$96; fifth year, \$101; sixth year, \$107; seventh year, \$113; eighth year, \$119; ninth year, \$125; tenth year, \$131; Eleventh year, \$133.33.

Provided that nothing herein stated under section six shall be construed so as to prohibit said school board to use its discretion in paying such additional sums as to it seems proper for supervision and special work provided, further, that in no case shall said board pay any teacher for teaching and supervising or teaching and special work to exceed fourteen hundred dollars.

Seventh, that the salary paid any teacher by said board in said schools not provided for in sections four, five and six, shall be determined by said board free from any of the regulations and restrictions named in said sections.

Eighth, that any new teacher who has done more teaching than is required as heretofore stated in Section two or who has taught elsewhere and comes under Section 3, should have such credit given him or her in fixing said salaries upon entering said schools as said board deems proper, provided, that when the teaching has been done outside of the city schools of Jacksonville, said teacher shall not receive credit for more than one-half time.

Ninth, that it shall be the policy of this board to encourage teachers to progress in their work, not only by increasing their salary in the class to which they belong, but also to give them first opportunity

## FOUR WEEKS IN HOSPITAL

Mrs. Brown Finally Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Cleveland, Ohio.—"For years I suffered so sometimes it seemed as though I could not stand it any longer. It was all in my lower organs. At times I could hardly walk, for if I stepped on a little stone I would almost faint. One day I did faint and my husband was sent for and the doctor came. I was taken to the hospital and stayed four weeks but when I came home I would faint just the same and had the same pains."

A friend who is a nurse said for me to try Lydia E. Pinkham's Vegetable Compound. I began taking it that very day for I was suffering a great deal. It has already done me more good than the hospital. To anyone who is suffering as I was my advice is to stop in the first drug-store and get a bottle of Lydia E. Pinkham's Vegetable Compound before you go home."—Mrs. W. C. Brown, 1109 Auburn Avenue, Cleveland, Ohio.

PHOTO-ENGRAVERS IN SESSION  
Philadelphia, Pa., June 22—The twentieth annual convention of the International Association of Manufacturers Photo-Engravers met in this city today, with headquarters at the Bellevue-Stratford. Five hundred members of the association are in attendance from various cities throughout the United States and Canada. Mayor Thomas D. Smith welcomed the visitors at the opening session this morning. Other speakers were Eugene Mill, of Chicago, president of the international association, and Fred Gage, of Battle Creek, Mich., also an official of the international body. This afternoon the visiting members and their ladies were taken on an excursion to Valley Forge. The business sessions of the convention will be resumed tomorrow morning and continued over Saturday.

A GREAT PICTURE.  
Dean F. S. Hayden of Illinois college, has left at the Journal office a fine picture taken of the city of Columbus, New Mexico as the soldiers

to fill the vacancy in the other classes where still higher salaries are paid, provided, they will so fit themselves by study, attending school, and superior teaching, to fulfill the requirements of those higher classes, and, in the event that said teacher should be receiving the same salary or a higher salary in the class in which she teaches as the minimum amount in the next class that he or she was receiving in the old, plus the regular increase given to the teachers in the old class.

Tenth, that any teacher in said schools who desires a leave of absence of one year for the purpose of attending a university, college or state normal or for any other purpose—approved by said board, shall be granted such leave and shall at the expiration of said time, receive their former place in school or its equivalent and shall at the discretion of the board, receive the same increase as if they had been teaching.

Eleventh, that every teacher in the Jacksonville public schools at the opening of said schools or in a reasonable time thereafter shall furnish to the superintendent of said schools a certificate of good health from some physician in good standing, but in no case shall said teacher be required to furnish more than one certificate unless upon special request of the board of education.

Twelfth, that any teacher who is absent more than two days and less than three weeks at any one time, on account of sickness shall receive his or her regular salary less the cost of a substitute, but in the event of this absence should continue for a longer period, no further salary will be paid until the return of said teacher.

Thirteenth, that every teacher, before he or she can receive the advantages heretofore specified in this resolution if they do not attend a summer school as hereinafter required, shall attend the Morgan county summer teachers' institute regularly and thruout the entire session and furnish a certificate from the city superintendent of schools, to this effect, unless said teacher is excused from attending by said superintendent.

Fourteenth, any teacher desiring to take advantage of any of the salary schedules heretofore named and receive an increase in salary as therein provided shall agree upon signing her contract to fulfill the educational requirements hereinafter provided and shall present a certificate, within two years from the time of first signing her agreement, that at least one-half of said agreement has been completed and a further certificate within the next two years that all of said requirements have been completed. The requirement above referred to, shall be as follows: That the teachers de-

livered were encamped there on the punitive expedition, that is the expedition to punish the scouts who did such havoc in that city. His son Thomas is there and sent the picture to his father and it is very interesting. It was taken with a revolving camera and shows a large part of the city, the tents and general arrangement and is very interesting. It will be in the window of the Journal office today.

## LIGHT FINE FOR KONRAD

Sheriff Craft received a letter yesterday from the office of the federal court in Springfield stating that the attorney for "Sailor" Konrad of this city had entered a plea of guilty in the U. S. court there to the charge of selling liquor without license and had been fined the sum of \$50. Konrad is soon to be released from the Morgan county jail where he is serving a sentence for selling liquor in anti-saloon territory. Since Konrad is an old offender the local authorities were very much surprised that the federal court fixed such a light punishment when the plea of guilty was entered.

## MEXICANS DESERT CITY OF JUAREZ

(Continued From Page One.)

Mexican, who without warning opened fire on the men across the border, the anti-American sentiment resulted in the death of James Parks, a mining prospector, while A. R. Dickson, was wounded in a clash with Mexicans in the vicinity of Nacozari, Sonora.

## Troops Ready for Orders.

All American troops along the border have been issued extra rations and ammunition combat and pack trains have been loaded and the field kitchens issued firewood in preparation for any eventuality. Strong outposts have been posted at all border military camps.

In El Paso additional companies of infantry patrolled the streets, through the night. Heavy machine gun contingents were stationed at international bridges and a battery of 4.7 field guns mounted on a mesa behind the city pointed their noses toward Juarez in readiness if necessary, to throw six pound projectiles a distance of six miles.

## Censorship is Tightened.

Military censorship was tightened all along the border tonight especially at the expeditionary base at Columbus, where a censorship on the telegraph and telephone lines has been maintained since General Pershing crossed the border. Intimation from military authorities was that any information concerning developments in the military situation must come from Major General Funston in San Antonio.

## Newspapermen Arrested.

Mexican authorities in border points also tightened the news censorship today and in two towns American newspapermen were taken temporarily into custody by military authorities.

J. C. Johnson, formerly of Dallas, Texas, and now attached to the staff of a local paper was arrested in Juarez while W. Cannell, of Los Angeles, a press correspondent was detained in Nogales, Sonora. Both were released shortly upon representations from the American commanders in the border towns opposite and neither suffered any discourtesies.

## 1,000 Mexican Volunteers.

Consul Garcia announced that 1,000 volunteers for the Carranza army being enrolled in Chihuahua had been recruited from the civilian population of Juarez today following the publication of the news of yesterday's engagement. He said drilling in these preparatory to their incorporation into the army of the north would begin immediately. The consul also issued the following statement:

## Need Fear No Surprise Attacks.

"The people of El Paso need fear no surprise attacks from the Mexican side of the Rio Grande. Both the civil and military population of Juarez and vicinity have had strict instructions to maintain peace and quiet until war is declared."

Some interest, but little apprehension was attached to the last sentence of the statement which seemingly left an open intimation that the Carrancistas planned to attack the city in the event of hostilities. Well informed persons, however, put little credence in this interpretation of the statement.

## Oregon Denies Reports.

A message from General Alvaro Obregon, Mexican minister of war, containing a denial of the reports that he had issued a statement today saying he was responsible for the Carrizal engagement and had ordered the Mexican forces to attack the Americans was received in Juarez tonight. The despatch asserted that the war minister knew nothing of the engagement until he received official reports last night and pointed out that his subordinate commanders acted entirely upon their own initiative in the action.

She was president of her class during her senior college year, and also active in the work of the college Y. W. C. A. and other departments of college life. While in college she gave special attention to German, History and General Science and the teaching of these studies will be in her hands, Franklin Times.

## WAR NEWS AT A GLANCE.

The Germans and Austrians in Volynia are vigorously on the offensive against the Russians and seemingly have stopped for the time being at least, the Russian drive westward. Along the Stokhod river west of the Sty in the region of Sokul and still further west around Mylsk, sanguinary engagements are in progress. In these encounters the Russian war office says the Germans and Austrians have been repulsed, while Berlin declares that on both sides of the Turia river and southward from Sviniaukhi to Grochow the Russians have been driven further back, and that northwest of Lutsk the Russian attempts to dislodge German successes were without result. On the Stripa in Galicia the Russians have taken portions of the trenches of the Teutonic allies near Galivronka and farther south in Bukovina have driven their forces farther southward and captured Radautz, about thirty miles below Czernowitz and taken more officers, men and guns.

From north of the Pripiet marshes to the region of Riga the Germans have opened what apparently is a generally offensive, heavily bombarding Russian positions or throwing violent infantry attacks against them. While Berlin reports nothing except successful German patrol incursions, Petrograd says the Germans are violently bombarding the Ikskul bridge head and have driven their infantry against the Russian positions around Dvinsk, near Dubatowka south of Krevo, and on the Oginski canal. All these attacks are declared to have failed, except near Krevo, where the Germans crossed the river but later were driven back to the west bank.

On both sides of the river Meuse in the region of Verdun and to the east of the fortress in the Woivre at the foot of the Meuse hills, the Germans are heavily bombarding the French. Especially heavy are the attacks against Hill 304 and LeMort Homme, northwest of Verdun, and northeast of the Fortress around Thiaumont, the Vaux wood, Chapire and Fort Lafoe. In a counter-attack the French have retaken from the Germans most of the trenches the Germans captured Wednesday night between the Fumine wood and Chenois, northeast of Verdun.

The Germans near Givenchy captured British trenches but later were driven out, suffering heavy losses in the counter-attack.

Considerable aerial activity against German towns has taken place, French machines having dropped bombs on Treves, Karlsruhe and Mulheim. In air battles four German aeroplanes were brought down by the French, who in turn lost one machine thru motor trouble. No important changes in the situation on the Austro-Italian theater in Asiatic Turkey have been reported.

The ultimatum of the entente powers to Greece has been yielded to by the Hellenic kingdom. The demands include complete demobilization of the Greek army and the formation of a cabinet benevolently neutral to the entente allies, the holding of new elections and the reconstruction of the gendarmerie. The Greek cabinet has already resigned and another is in process of formation.

## MUST MEET HIGH PAPER COST.

Many Berlin Newspapers are Being Reduced in Size to Save Paper.

Berlin, via London, June 22.—A majority of the Berlin newspapers proprietors have decided to reduce the size of their publication from July 1 owing to increasing paper cost. Several papers will increase their subscription price. Others, however, have decided to make no change.

## WANT MORE MACHINE GUNS.

Chicago Business Men May Finance Machine Gun Purchases for Army.

Chicago, June 22.—A movement has been started among Chicago business men by J. Ogden Armour to finance machine-gun purchases for as many as possible of the regiments of the National Guard. Mr. Armour will head the subscription list with \$2,500. He claims there is a "deplorable lack of machine guns in the United States army and the National Guard."

Five machine guns will be purchased immediately for the use of the First Cavalry, 1. N. G., and later guns will be distributed among other Illinois regiments.

## REPRIEVE IS GRANTED.

Sentence of Col. J. C. Bulger Stayed Pending Further Investigation.

Denver, Colo., June 22.—The state board of pardons this afternoon granted a ninety-days' reprieve to Col. James C. Bulger under sentence to be hanged during the week ending at midnight Saturday for the murder of Lloyd F. Nicodemus, Denver hotel proprietor. The reprieve, it was said, was granted to permit further investigation.

## MEXICANS EEGIN UNPROVOKED ATTACK AT INJ OF PARLEY

Mormon Scout Captured by Mexicans Tells of Fight Near Carrizal.

Chihuahua City, June 22.—The seventeen soldiers, negro troopers of the Tenth Cavalry, who were captured in the battle at Carrizal, were brought here today with Lem H. Spillsbury, a Mormon scout, employed by General J. J. Pershing, and were interned.

Spillsbury said that Captain Chas. T. Boyd, commanded the Americans, and with Lieutenant Henry R. Adair, was among the killed.

"Captain Moore" Wounded  
A Captain Moore who was with the American detachment was wounded in the shoulder but escaped.

## Will Attack Americans.

In announcing this afternoon a story of the battle which he said Spillsbury told him, General Jacinto Trevino commander of the military district of the northeast, announced that any time and at any place the American troops move other than toward the border, he will comply to the letter with his superior's orders and will attack them as General Felix Gomez did at Carrizal.

## Diplomacy Outside His Sphere.

General Trevino said that all diplomatic arrangements are outside of his sphere. Spillsbury's story, as announced by General Trevino was to the effect that fifty-six negroes comprising Troop H, of the Tenth, Captains Boyd and Moore, Lieutenant Adair and himself, composed the American detachment that encountered the Mexicans.

He said that he saw on the field the dead bodies of Boyd and Adair and at least eleven of the negroes.

## Spillsbury's Story.

Spillsbury's account as given out follows:

"We left Casas Grandes on Sunday morning, arriving outside Carrizal early Wednesday morning."

"Captain Boyd immediately dispatched a courier to the jefe politico of the little village advising him that we were on our way to Villa Ahumada."

"After we had waited some time Lieutenant Col. Rivas came out and warned Captain Boyd that he had better turn back. Captain Boyd then explained that he was in pursuit of some bandits which he had heard had looted Santo Domingo, and also was bound to catch a negro deserter which he had heard was in Villa Ahumada."

"In reply to this Lieutenant Rivas notified the American that if he attempted to advance he would have to pass over the dead bodies of the Mexicans. He advised Boyd that he had better not argue the matter."

"Rivas returned to the village to report to his superior officer, General Gomez, then sent out a note inviting the Americans to enter Carrizal for a conference. Captain Boyd declined this invitation."

"On this ground Gomez went out in person and insistently urged the Americans to retire, pointing out that his orders from his superiors necessitated his acting on them without further parley."

"General Gomez repeated these words as he walked away. Boyd merely answered 'all right'."

"General Trevino's announcement then goes on to quote Spillsbury as saying that after General Gomez retired to his troops who were lined up outside the town Boyd ordered his men to advance, whereupon Spillsbury expostulated with him arguing that a fight was sure to follow. Spillsbury is reported as saying that Captain Boyd 'obstinately seemed to think that the Mexican general was only bluffing and the firing quickly began.' He is quoted further:

"Captain Moore and Lieutenant Adair fell mortally wounded, Cap-

tain Moore was wounded in the shoulder and immediately the negroes became demoralized. At the same time the men holding the horses fled with the mounts, leaving behind seventeen negroes and myself. We were forced to surrender."

"I saw the dead bodies of Boyd and Adair and at least eleven negroes on the field of battle."

Mexican authorities asserted today that the prisoners had been well treated enroute to Chihuahua. General Trevino says that he received some days ago an announcement from General Pershing that he had received General Trevino's warning not to move east, south or west. Since that time four negroes other than those taken at Carrizal have been captured and also an American.

Army officials in El Paso tonight were puzzled as to the identity of the Captain Moore reported from Chihuahua as having been wounded in the Carrizal engagement. It was thought the officer referred to might be Captain Lewis Morey of Troop C, Tenth Cavalry and that possibly some of the members of Troop C, may have been engaged in addition to those of Troop H.

Captain Charles T. Boyd who was reported killed in the Carrizal engagement was looked upon as one of the most able men of his rank in the service. He was born in Iowa, October 29, 1870. He was appointed a cadet to West Point, June 15, 1892.

Lieutenant Henry R. Adair, also reported killed, was noted in army circles as a polo player. He was born in Oregon, April 13, 1882, being appointed a cadet to West Point, August 1, 1900. Captain Morey had just returned from the Philippines. He was born in New York July 19, 1875, being appointed a cadet to West Point from Texas, June 15, 1896.

### MASS MEETING WILL BE HELD IN CITY TONIGHT

Veterans of the Sixties Will Tell About War Times—Recruits Needed for Company B if This Community is to be Rightly Represented.

In order to increase the enthusiasm and give point to interest in enlistment matters, Capt. L. P. Owen of Company B has arranged for a mass meeting to be held to-night in Armory hall. The meeting will be preceded by some kind of a parade, presumably led by old soldiers with fifes or drum, and at the mass meeting a number of brief speeches will be made. The veterans of the war of the Rebellion have signified their willingness to attend and as a matter of patriotic interest there should be a large attendance. Capt. Owen has practical assurance that the local company will be called on for service and it is the natural desire that the company be recruited to full war strength. There are now sixty-five or seventy members of the company and when the call comes the company can go with good strength, but it will be a much better showing for Jacksonville if the number has been increased to 140.

#### Voluntary Service Only.

In enlistments now it is pointed out that young men do not need to make a three year enlistment in the national guard. This is voluntary service and enlistments are conditional upon the company being called upon for service. Unless the mobilization order comes the enlistments will not be effective. This does not prohibit young men from the enlistment in the regular form, but is provided at this time so that any citizen who is anxious to enlist for actual service but who does not care about entering into an agreement for a long period of national guard service, may have the opportunity for actual enlistment service. Capt. Owen yesterday received the following telegram from Colonel Wood of Quincy, "It appears essential that every effort must be made to see that justice is done the 5th infantry and the portion of the state represented by the 5th. Leave no stone unturned in bringing to bear at once upon the governor, all the influence of commercial associations and members of the general assembly and your representative in congress." As a result of this suggestion Capt. Owen then took the matter up with the city council, the county commissioners and the chamber of commerce and telegrams and letters were forwarded, urging that the 5th be included in the mobilization order.

An effort has been made in some quarters to have the 5th regiment mustered out of service and to consolidate the militia members who remain into a battalion to be known as the 4th battalion of the 4th regiment. Col. Wood is unalterably opposed to this plan, as is Capt. Owen and captains of the various companies in the regiment. While the general plan is for the mass meeting in Armory hall tonight, this may be changed to a meeting in Central park, but at any rate there will be a general gathering of citizens and the chances are that with in the next few days the young men of the present day will show that some enthusiasm that their forefathers manifested when war with Mexico came in 1846-7.

#### RETURNS FROM CHICAGO

Miss Alma Mackness returned yesterday from Chicago, where she was enrolled in the Columbia school of music. Miss Mackness has done excellent work in the past year and will graduate next year. She was accompanied to this city by her aunt, Mrs. R. M. Ingalls.

#### W. E. WILLIAMS IN CITY.

Hon. W. E. Williams of Pittsfield, candidate for governor on the Democratic ticket was a visitor in the city yesterday. He was returning from a trip to the new court house.

### WINCHESTER

Mr. and Mrs. Grant Mader and son and Edward Balsley and family have returned from a visit of several days at Lake Matanzas.

Mr. and Mrs. Charles W. Banes returned Wednesday forenoon from a visit with relatives in Chicago.

Mrs. George Bowman of Alsey was a visitor here Thursday.

Herman Budke and daughter, Veronica, left Thursday afternoon for Waterloo, Ia., for a visit with relatives and friends.

Ladies of the Missionary society of the M. E. church held a "hen party" Thursday afternoon, which was well patronized and which netted a sum of sixteen dollars. Each guest was enjoined to "bring a hen and a rhyme" and in the absence of the rhyme were required to "pay a dime." Guy Clark, the poultry man, was present and the poultry was weighed up and sold on the spot. A short program was rendered as follows:

Piano solo—Miss Dean Kincaid. Recitation—Miss Louise Leach. Piano solo—Miss Katherine Clark. Reading—Miss Janice Taylor. Miss Grace Linders of the State university has been secured by the West Side Household Science club to give demonstrations at Brown school house next week. Tuesday afternoon she will demonstrate fruit canning and on Wednesday, vegetables. Foods and food value will be the topics Thursday and Friday. A cordial invitation is extended to all.

Mrs. J. E. Markillie, who several days ago underwent a serious operation at Our Savior's hospital, Jacksonville, is improving steadily.

#### NEW SUPERINTENDENT INSPECTS UTILITY PROPERTY

E. H. Gray of El Paso, who is soon to write "of Jacksonville" after his name, was in the city yesterday and was introduced to various citizens by Supt. Miser. Mr. Gray, as previously stated, expects to enter upon his duties here July 1, but prior to that time will spend a number of days here in company with Mr. Miser in order to have some knowledge of local conditions before he actually enters upon his duties. Mr. Gray impressed those who met him yesterday as a vigorous business man.

Mr. Gray graduated from the University of Illinois and paid especial attention to electrical work during his course before he entered upon the actual management of utility plants in the northern part of the state.

Stated assembly his evening work in S. E. refreshment. C. C. Cochran, T. I. M. John R. Phillips, Recorder.

OFFICERS ELECTED BY REES FARMERS' ELEVATOR CO. The directors of the Rees Farmers' Elevator Company organized for the year have elected officers as follows: Hugh McDevitt—President. Samuel Darley—Vice-president. Dennis Whalen—Secretary and Treasurer.

Richard Whalen was employed as manager for another year. The directors have decided to use a part of the surplus profits carried forward to remodel the elevator during the summer, so that it will have a much larger capacity, and will install a corn sheller.

#### LIGHT COMPANY WILL PAY EMPLOYEES WHO GO TO WAR

Announcement of Plans Made by Supt. Miser—Rule Here Applies To All Traction Company Properties.

The first local company to make an announcement that salaries will be paid during their absence from the city to men who enlist for war was the Jacksonville Railway & Light company. The statement came from Supt. W. B. Miser by authority of W. B. McKinley. The order applies to all Illinois Traction company properties. The rule followed will be for pay of married men to be turned over monthly to their families, and in the case of unmarried men the money will be placed on deposit.

It is evidently the purpose of Mr. McKinley and his associates to do their full share in caring financially for any of their employees who answer the call for enlistment. This is the most substantial way that corporations can give evidence of their patriotism. The announcement illustrates the point that not all citizens can enlist for service, but all of them can do something in the time of need.

#### WARNING

Persons cutting weeds and the like are warned not to throw them on the travel way.

By Order of the Commissioners of Road District No. 3.

#### K. OF P. MEMORIAL SERVICE.

Jacksonville lodges of Knights of Pythias will hold their annual memorial services Sunday June 2nd, in Castle Hall on the north side of the square at three o'clock. The memorial address will be given by Past Grand Chancellor Eugene F. Bone of Springfield. Special music will be furnished and all members of the families and friends of the order are invited to attend.

The details of the program of arrangements have not been completed. The committee in charge of the program is composed of L. B. Turner, John Carl, Ralph I. Dunlap, J. J. Reeve, W. C. Springgate and B. C. Lair.

#### IN CIRCUIT COURT

In the circuit court Thursday a number of witnesses were examined in the suit of Miss Nettie Orear against William Boeking which is based on a claim for rent. The taking of testimony consumed the entire day and there are still a number of witnesses who will be placed upon the stand.

### WAR WITH MEXICO WOULD MAKE BUSINESS BETTER

This is M. F. Dunlap's View of Situation—Federal Reserve System Has Given Such Financial Stability that War Wouldn't Cause a Furry.

If war should come with Mexico the general effect would be to make business even more active than at present is the view of M. F. Dunlap expressed yesterday in answer to a question on this subject. "There might be some little tightening of interest rates," said Mr. Dunlap, "but the country is in such a condition now that the only marked effect of war with Mexico, as I see it, would be to make business generally more active. This is true partly because there has been so much war talk going on for the past two or three years that the country in general is prepared for it, but mainly because of the country's especially prosperous condition and the stability given to financial affairs by the federal reserve banking system. The effect of the federal reserve system in giving stability and firmness to financial conditions was felt even some months before the law creating the system went into effect.

When European War Came. When the European war came on the Aldrich-Vreeland Law was in effect providing that in case of emergencies \$500,000,000.00 was available for necessary expansion, but Congress being in session when the war commenced, quickly amended the act increasing the amount available to \$1,500,000,000.00.

"The Federal Reserve law had already been enacted, to become effective in December, and the action of Congress referred to increasing the amount available, and the further fact that the Federal Reserve Law was soon to become effective gave a confidence and stability that would have otherwise been lacking.

"The present condition finds the country notably prosperous. Because of the war our balance of trade since the war began has been about three billion dollars, the total sum exceeding that for a ten-year period in the past. Gold has been coming into the United States from practically all of the old countries, so we would have had nearly all the gold in the world had it not been for purchases of securities that we have been making.

#### Big Fund Available.

"There is a billion or more of dollars in gold available for use of the Federal Reserve Banks, and in accordance with the provision of the act it is possible, in order to relieve financial stringencies, for the government to issue two billions and a half of currency to the national banks of the country. As a result of that situation today the banks feel no worry about any possible stringency. A few years ago under a similar situation the national banks in the smaller cities would have had the feeling that they had better make a demand on the city banks for the payment of money they had on deposit there. In turn the customer of the smaller banks, in view of the war possibilities, would recall the fact that during the stringency a few years ago the banks necessarily suspended cash payments, and the thought would occur that it would be a good idea to draw out the money on deposit before any stringency or crisis might arise.

But now, with the federal reserve system in effect, the national banks know that if he has occasion for money and there is any financial flurry, that the expansion of the federal reserve funds will be amply sufficient to take care of all the banks. The customer of the bank has in a general way that same knowledge and so he has no desire to go to the bank and call for the funds which he may have on deposit. In other words, there is abundant confidence and plenty of money, with all needed expansion provided to take care of any situation which may arise.

"It is in view of these conditions that a war with Mexico would, in my opinion, have no other effect on business than to create greater activity from the large purchase of supplies needed by the army."
